# General sales terms

## Purchase requirements

We require you to make purchases for at least SEK 7,000 on an annual basis in order to keep your account.

## Prices

All prices are excl. VAT and shipping, ex works. (See shipping costs below). Please note that any prices in our catalogue were accurate at the time of printing. We reserve the right to change any prices without prior notice. For current prices please go to our website, <http://www.deltaco.se>.

## Delivery

Orders placed before 15:00 are usually shipped the same day! NB! In order to expedite your order please use our article numbers on you order.

## Warranty

SweDeltaco issues an 18-month warranty on our regular product assortment, when so possible. The warranty is calculated from the invoice date.

## Backorder

Backorders are normally sent to you without any additional shipping costs. When sending larger shipments we reserve the right to charge any additional costs that would have occurred if the shipment were sent as one large shipment. Customers that are paying by TT Payment in Advance cannot backorder any articles. Due to the instability that signifies the computer market, we reserve the right not to backorder CPU's and memory, but also any other products where availability and prices vary.

## Payment

For customers that have passed our crediting assessment the payment terms are 30 days invoice. An administration fee of SEK 20 for sending our invoices by letter may be charged if you chose not to receive them by email. For customers that did not pass our crediting assessment the terms are payment in advance. Please note when picking up your order from our warehouse that we are only able to process credit cards not cash.

## Shipping

We send our shipments by Postens Företagspaket. In Stockholm, we have a truck that delivers our goods, but please check with us that your area is covered.

Upon receiving a delivery by truck you may be asked to show your identity card. This is a safety precaution, to prevent fraud and secure your shipment.

## Freights & shipping costs

Orders under SEK 5.000 excl. VAT and other charges, then shipping cost is SEK 130 by Posten or SEK 135 by Local truck. Orders over SEK 5.000 excl. VAT and other charges, are sent without any shipping costs. (Applies to: Posten Företagspaket 16:00 and local delivery by our truck). Larger shipment (weight over 100kg and/or lager than 1 cubic meter) will be charged SEK 350 per pallet (max SEK 1050 per shipment). All specified freight costs above are applicable for shipments sent within Sweden. For export please contact us.

## GDPR

When you apply for becoming a customer, we'll save information about you in our systems to be able to handle your customer errands such as delivering shipments, handling RMA and other contacts with you as a customer. Thus, we'll be saving phone number, names, delivery and invoice addresses and e-mail. If you do not allow us to save this information, we'll be unable to add you as a customer.

If you have customers that does not want us to save their information when you are placing an order, this needs to be informed to our customer service in conjunction with placing the order over the phone.
