

DisplayPort 2 - 1 Switch bidirectional 4K 60 Hz

Description

This DisplayPort switch by Delock is a manual bidirectional switch for connecting different devices with DisplayPort port. This switch offers two different applications.

1.
Up to 2 devices can be connected to a monitor, TV or projector. At the push of a button, the device that is displayed on the screen can be selected.

2.
A DisplayPort device can be connected to up to 2 screens. The screen on which the signal is displayed can be selected at the touch of a button. Simultaneous output to multiple screens is not possible.

Note

By using a 20 pin Displayport cable at the video source, the switch can be supplied with power.
