

FLOODLIGHT CAMERA

Features:

- *720/1080P HD video quality live view
- *Tuya smart remote control via APP
- *2.4GHZ WiFi wireless connection
- *IR/WHITE dule LED full color security could control via app
- *Support 2-way audio between phone and camera
- *Support max 128GB TF card / Cloud Storage

Specifications:		
System	DSP	GK7102
	Sensor	GC1034/GC2053
	Operation System	Embedded Linux system
Camera	Resolution	720P/1080P
	Compression	Smart H.264+
	Video Format	PAL/NTSC
	Effective Pixels	1920*1080/1280*720/640*360
	Lens	3.6mm
	Motion Detetion	Support
	Minimum Illumination	0.1LUX/F1.2
	Picture Capture	Support
Audio	Video Flip	Support
	Compression	G.711
Record	Input/Output	Build in Mic and Speaker
	Record File	2.5-4.5GB/Day (eg: 16GB TF could record for 5 days)
	Record Method	Manual/Motion detection /Schedual Alarm Recording
	Storage	TF Card/Cloud
	Remote Playback	Support
Network	Alarm	Video push /Alarm Buzzer/Alarm Recording
	Wireless	802.11b/g/n
	Video Stream	Dual Stream
	Network Protocols	Support TCP/IP,P2P,RTSP,Private Cloud,ONVIF etc
Interface	WIFI Connection	Support Scan QR code add ,Online devicie add , AP hotspot add
	IR-CUT	Support
	SD Card	Max 128GB TF Card
	Wireless	2.4G Wifi support
Electrical	Rest	Support
	Power	DC 12V 2A
Environmental	Consumption	15W
	Suitable Occasions	Wall mount for home ,shop, school, super market ,factory etc
	Working Conditions	-20℃ — +55℃
General	Working Humidity	10% — 90%
	LED	21PCS 15W 700lumen White LED, 8PCS IR LED
	LED working method	The White LED could remote control on/off through app. Default mode in night is IR when motion detection works White LED on camera change to color and after 15s change to IR Led automatically
	Dimension	61*55*210mm
